## ABOUT **US**

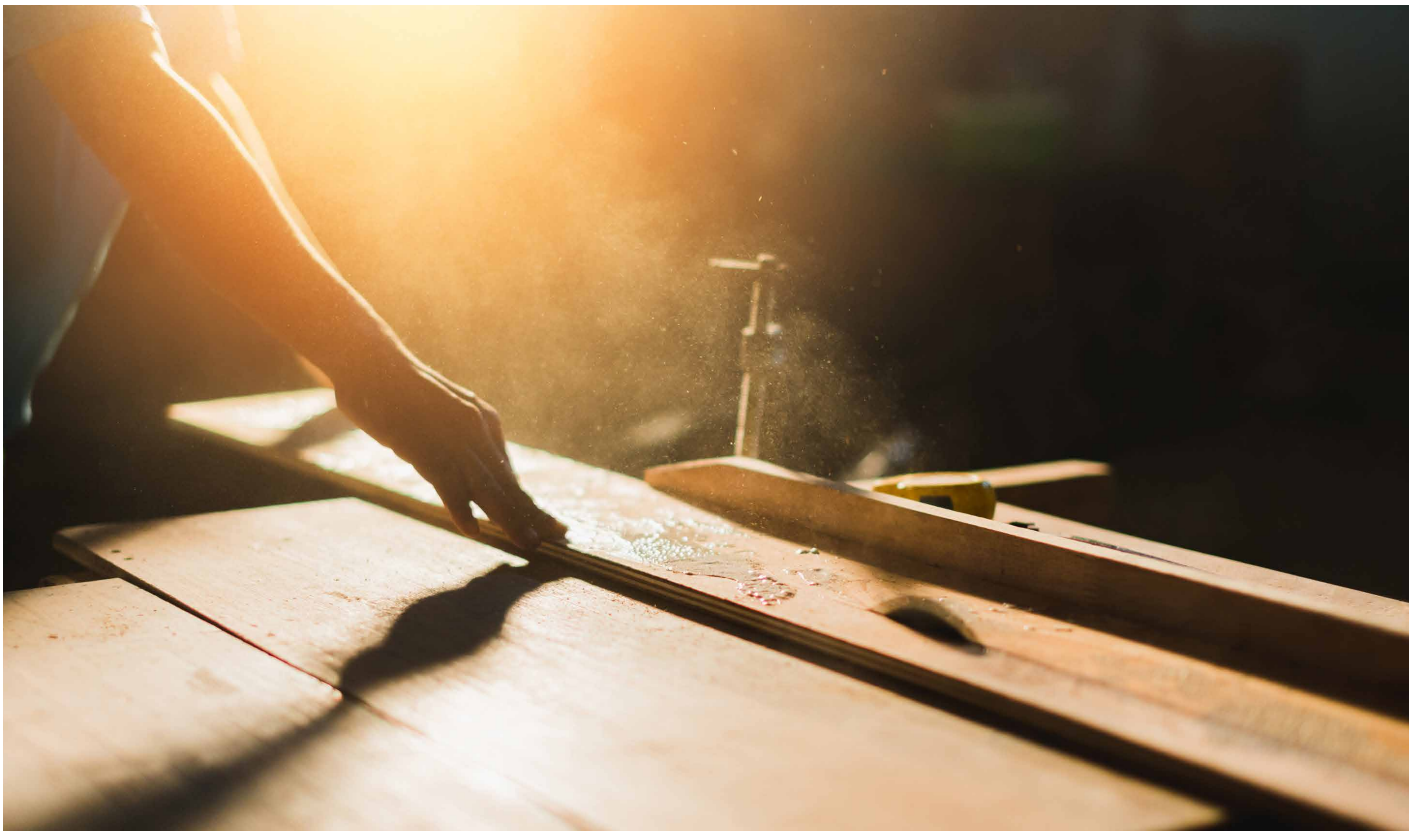

---

COVENTINO™ PREMIUM WOOD FLOORING is a brand created for people who believe art can be used creatively to achieve balance between classic beauty and modern architecture. With more than 10 years in the wooden floors industry, COVENTINO™ PREMIUM WOOD FLOORING is fabricated with top class technology, gathering high quality products from countries like Italy, Canada and Brasil, among others.

Every COVENTINO™ PREMIUM WOOD FLOORING floor is created by highly trained and qualified craftsmen, who know to the core various kinds of wood such as oak, maple and larch.

COVENTINO™ PREMIUM WOOD FLOORING focuses on texture and color techniques to make natural wood beauty stand out.

In every COVENTINO™ PREMIUM WOOD FLOORING process there's special attention to enviromental issues so we can make sure our clients receive the best quality possible in their products without compromising the environment.

A close-up, low-angle shot of a person's hands measuring several long, light-colored wooden planks laid out on a workbench. The person is wearing a watch and using a yellow and black tape measure. The scene is dimly lit, with a strong light source from the side creating a dramatic, high-contrast effect. The background is dark and out of focus, showing more wooden structures.

A close-up photograph of a wooden workbench. In the foreground, several light-colored, curled wood shavings are scattered across the surface. To the right, a metal hand plane is partially visible, with more shavings resting on its surface. The background shows a large, textured piece of wood, possibly a log or a thick board, with a rough, bark-like edge. The overall lighting is warm and natural, highlighting the textures of the wood and metal.
